## Bonus Days Slated

### Merchants Offer Holiday Specials

A special treat is in the offing for Bay area residents during the next two weeks, Christmas Bonus Days. More than 20 area merchants, including department stores, toy dealers, grocers, building supply outlets, appliance stores, a florist and others, have joined together to offer their customers bargain prices on many items. In addition, aside from prizes offered by some individual stores, the participating merchants, working with each other, are giving away a grand prize of \$150 in cash and three prizes of \$50 in merchandise certificates. All anyone has to do is sign a slip at one of the stores putting on the sale. The drawing is scheduled for 8 p.m. at Bay High on Dec. 22, but the winner does not have to be present.

Several businesses in Waveland, while not actually classes as participating, have taken this period to run special bargains and many can find what they want for Christmas at reduced prices there.

### PO Goes On Yule Schedule

In an effort to get all the holiday mail delivered by Christmas Eve, the Postoffice is extending its hours beginning Monday, Postmaster Andy J. Becker said this week.

The office will be open from 8:30 a.m. to 5 p.m. including Saturdays beginning Monday, remaining open all day Wednesdays, Dec. 14 and 21. Becker will close windows at noon Christmas Eve, Dec. 24.

"Now that the end of the big rush is in sight," the postmaster said, "I want to express my thanks for the fine cooperation from our patrons. The 1960 'Mail Early for Christmas' Campaign will be a rousing success if you'll keep up the good work. On Christmas Eve this year, I'd like to see every mail bag empty and every Postoffice employee relaxing at home."

He had been a patient at the hospital since last Thursday. Death was attributed to leukemia.

Born in Highmore, S. D., he had been a resident of Bay St. Louis for the past 14 years.

Surviving are his wife, the former Miss Ruth Ethel Botsford; two sons, Peter and Joseph; a daughter, Mary; and three sisters, Mrs. O. K. Pettit, Westinghouse, N. D., and Mrs. W. J. McDonald and Mrs. Millard Keil, both of Highmore.

### Radar Traffic Plan Proposed by Sheriff

A radar system will be used to enforce traffic regulations in the county if plans announced by Sheriff Gerald V. Price at Monday's board of supervisors meeting are consummated.

Price said the radar system would more than pay for itself. Radar is in use in most counties throughout the state, he observed and said if the board could not approve the purchase he would finance it himself.

He again requested approval of a new radio short wave communication system saying civil defense would pay half the cost but that if the board waited too long the civil defense share may be lost.

Supervisors replied that the general county fund, out of which the money would have to be taken, was already overtaxed and asked for more time to consider the

matter and to find the approximate cost so the budget would not be exceeded.

The board approved a donation of \$100 to the Hancock County Chamber of Commerce to help finance cost of a merchants' advertising program which will begin Friday and last through Christmas shopping days.

Beat 2 Supervisor Ike Prieon said he had been asked by a member of a Louisiana police jury to ask the governor of Mississippi to confer with the governor of Louisiana in an attempt to keep U. S. 11 through Honey Island swamp open on a secondary basis when the new inter-state highway is built. He said the new highway will be a short distance away and people living in the affected areas in Mississippi and Louisiana are afraid it

SANTA ARRIVES - No snow, so no sleigh for Santa Claus when he arrived here last Saturday. But, better yet, he rode in style in a merry 1901 Oldsmobile as he paraded through city streets tossing goodies to his scores of young and old friends.

AND FOR YOU, MY LADY - The awe, wonder and adoration of a meeting with Santa Claus on this youngster's face as he talks his Christmas wishes. Santa talked Christmas lists over with a throng of children at Kern's following the parade holding his arrival here last Saturday.

### Retailers Committee Reactivates

Octave W. Delph was appointed chairman of the reactivated retail merchants committee of the Hancock County Chamber of Commerce when the board of directors met Monday night.

President W. Ray Gordon named to the chairmanship of other standing committees James deBlanc, membership; Hardin H. Shattuck, industrial; and Warren Carver, community merit program.

A. G. Dantagnan, board member and last year's president, suggested that the chamber consider the advisability of having an oyster opening contest to determine who is king of Hancock County's oyster openers.

He said he thought the county would be able to get some good publicity if such an event could be arranged, and that even TV coverage might be arranged. Dantagnan was then appointed by Gordon as chairman of a special oyster opening committee.

David McDonald, board member, suggested that, if the chamber has a pamphlet or brochure printed advertising the advantages of Hancock County, it should have at least two, one telling of the advantages to retired persons and commuters in living here and the other pointing out facts that might induce small and medium sized industries in locating in the county. After discussion the board referred the matter to the committee headed by Robert Hamilton, which has had the matter under consideration, and Powell Glass, Jr., vice president, was added to the committee.

Some question arose as to whether the board had accepted Sealster's bid or that of Hoyer as an individual. The attorney-general's office advised treating Hoyer as an individual.

Hoyer gave the low bid last August and other dairymen seeking

### Santa To Visit Jitney Jungle

He is to be on tap all day next Saturday, Dec. 17, starting at 9 a.m. and will be back sometime Dec. 22 to confer with youngsters who miss the first visit.

### Hover To Deliver Milk from Picayune

Lester Hover of Pearlman who last summer was awarded the contract to deliver Sealster milk to the county school system told the board of education Monday that he will have to get future supplies from the Brown Velvet distributor in Picayune to carry out the contract.

After a telephone check by Walter J. Phillips, attorney for the board, with the county attorney-general's office, the board agreed to let Hover go ahead and make his own arrangements to fulfill the obligation.

Hover told the board he had been notified the trucker who supplied him was going out of business and had taken the matter to

Copies of the annual report presented to the county board of supervisors were presented to all attending. The report revealed that \$170,505 in checks were mailed to the 480 persons in Hancock County on public assistance during the fiscal year.

In addition to the continuing program, the department operates a commodity program in which surplus food supplies are distributed to all needy persons who can qualify. The estimated retail value of commodities distributed from July 1959 to June 1960 is \$100,000. The board of supervisors aids in this program by supplying the building to house

## 10¢ Pay Hike Voted

Ten cents an hour pay raise for town and gas and water department laborers was noted by Waveland Town Council Tuesday.

The raise applies to the eight laborers and foreman working in the town and the two laborers employed by the gas and water department. It increases the minimum wage to \$1.10 an hour for laborers and the gas and water department minimum wage to \$1.35 an hour.

Alderman Dominic Sonier, who proposed a motion for a 25 cent an hour increase in October, again rapped this proposal

stating that any pay raises should have been planned for in the budget or should not be brought up now. He pointed out that the increase will cost the town \$2,400 more than appropriated for labor in the budget. The alderman stated that by raising the wage minimum the town will not be able to afford to employ more laborers and will have to be cautious in having present laborers work extra hours. He said if the raise costs too much some laborers may have to be discharged near the end of the fiscal year.

The increase for town laborers was proposed by Alderman Tony Bourgeois and the gas and water department raise was asked by John Garza, sworn in as a new alderman during the meeting. Both raises were passed unanimously. The raises are retroactive to Dec. 1.

Mayor Garfield Ladner commented that back in 1942 when he was first elected to office the minimum wage for laborers was 20 cents an hour.

On the recommendation of Paul Henley, chairman of the election commissioners, the council discussed raising the pay for election commissioners from \$3 a day to \$6 a day, the amount adopted by the state and by many cities throughout the state. However, action was deferred, pending advice of Dan M. Russell, Jr., town attorney, when C. O. Dufour, secretary, pointed out the town's charter provides for the \$3 a day.

Garza, elected to succeed the late Alderman William Ruhr, who sworn into office by Beat 5 Justice of the Peace Russell Elliott. The new alderman, who previously represented the 1st Ward for two terms in the 1940s, was officially welcomed to the council by Alderman Sonier who expressed confidence in the continued progress of the town.

On the recommendation of Mayor Ladner, council voted to have the two outside laboratories razed and build two new ones in

### New Mail Plan

## Inaugurated on Orleans Run

Postmaster Andy J. Becker reported a new system has been inaugurated to speed up delivery of mail from New Orleans.

Mail from there has been going to Gulfport first by bus and then is put on the train to Bay St. Louis. The train, due to arrive at 6:40 a.m., has been arriving between 6 and 10 a.m. daily. Becker said the time line 75 per cent of the time.

Under the new system the mail will be put aboard a bus leaving New Orleans about 5 a.m. and will arrive at the Bay bus depot at 6:29 a.m. The mail will be in the Postoffice boxes by 8:30 a.m., Becker said.

This system is being started today. It does not involve mail from Bay St. Louis to New Orleans.

### Sheriff Reports Breakins

Sheriff Gerald V. Price reported a series of breakins during the past week.

The summer residence of Mrs. Joseph F. Vitari on Waveland Ave. was entered sometime between Nov. 28 and yesterday and a number of household items and appliances were taken, including a radio and a television set. The sheriff noted that entry was gained through a rear window. The burglary was discovered by Mrs. Vitari when she came to Waveland from her winter residence in New Orleans.

Sometime last night, the sheriff reported, the Frostop Driveway on U. S. 90 was entered in a similar fashion and an undetermined amount of coins was taken from the juke box and cigarette machine.

Both cases are under investigation.

Bobby Bozaz, imprisoned in Hancock County jail under charges of the armed robbery of Cliff Seal's grocery in Santa Rosa on Nov. 16, will not be tried before Beat 1 Justice of the Peace C. W. Brunson until injuries Bozaz received while fleeing from police officers heal further, the sheriff reported.

Asked about the search for two waitresses being wanted for questioning in the burglary of the home of William Scalfide, Harbor

Beats 1 and 2, the sheriff said he had no information.

Functions of the department include aid to needy, aged, crippled or blind persons and to dependent children. Funds to operate the department are derived from the county treasury.

## Get Tough Policy Asked on Gas Bills

A get tough policy against those not paying their gas bills was voted by Waveland Town Council Tuesday and Wallace Bourgeois was called on the carpet for being soft with some non-payers.

Alderman Dominic Sonier said "We have the responsibility for this money and we have to get it." He added, "and we mean business."

He called Bourgeois, an employee of the gas and water department, before council to answer as to why, when given cutoff orders to execute because of non-payment by gas subscribers, he has exercised what Sonier charged was "partiality."

The alderman charged that Bourgeois has cutoff service where people aren't home but not where people are home he has, times, softened when they have appealed for more time or accepted payment from them at the spot. Sonier told him, "If you have a cutoff notice you want, adding that 'You are not a collector.' He also added that 'You have to run this as a business, you can't run it as a charity.'"

Bourgeois explained that at times has gone out with as many as 33 cutoff orders. He admitted that is some cases when people have appealed to him saying they will pay, or that they can't pay and must have the

## It's a Beginning

For the first time in three years many Bay St. Louis merchants have banded together to give the people of this area bargains and prizes and they are doing it at a season when most of us are purchasing Christmas presents, foods, etc., without squeezing the penny as much as usual.

In addition to the stores, the banks, (Hancock, Merchants and Peoples Federal), the City of Bay St. Louis and the county board of supervisors by generous contributions have made this project possible. Although the Hancock County Chamber of Commerce is not involved directly, those who are participating are members of that organization.

In addition to the "bonuses" offered, 20 or more of our merchants are offering REAL bargains. They want to show you that you can buy almost all your needs here with less effort, less time and less cost than you can elsewhere.

If the area wants these businesses to continue this program, the people in the area must show some appreciation by buying their needs from these merchants, otherwise there is no reason for them to reduce prices, spend extra money and take the time to get together.

When you can buy it in the area, and you usually can, buy it here. You'll save money, time and effort, and you'll be helping yourself.

## Sidewalk on Dunbar Studied by Council

Concern for the safety of children walking along Dunbar Ave. from U. S. 90 to attend North Bay Elementary School caused the City Commission Council to make tentative plans for erecting a sidewalk along the west side of Dunbar.

The walk, of all weather macadam, would be divided from the street by a drainage ditch. Mayor John A. Scalfie remarked that since the school

opened in September, the situation has been a cause of alarm for the council. As yet, no accidents have happened, but, the mayor noted, there are many small children using the street, and council is preparing to provide a safer place for the young children to walk.

Gulf Chevrolet was low bidder on both the new police car and the new garbage truck chassis and cab advertised recently by council. Their bid on the car was \$1,525.20 and on the truck chassis and cab \$3,649.62 including two speed rear axle.

Other firms bidding on the car were Bay Motors with Bubba Catala Co., Gulfport, and Bankston's. Bidding on the truck and chassis were W. A. McDonald and Sons and Bay Motors with Catala.

A resolution was passed by the council transferring a \$50,000 surplus from the natural gas fund to the road improvement fund.

L. Mobley, assistant city engineer, currently is making a cost estimate survey, and work is expected to begin on a city-wide road improvement project shortly after the first of the year.

Mayor Scalfie explained that the allotted \$50,000 probably would not cover the cost of resurfacing and repairing all roads needing it, but after the cost survey is completed, a decision will be made on which roads are in the worst condition and which are the most widely traveled.

The council voted to donate \$100 to assist local retail merchants in advertising for the upcoming community bargain days.

**Hover Delivers...**  
 (Cont. from Page 1.)  
 The contract protested vigorously although their prices were not within five per cent of Hover's.

The board took up at length the question of boys driving school buses when an adult holds the contract and called for some drivers to appear at their next meeting at 7 p.m. next Thursday.

Trustee Louis Necaise said he had received numerous complaints. On the motion of Alton Keller, it was voted to admit temporarily to North Central School a boy who has returned to reside with a grandparent in Lakeshore and had attended Bay High last year.

Superintendent Kenneth McCarty said Bay High authorities would not readmit him although Lakeshore pupils attend there under a tuition arrangement, because of the press of inquiries from New Orleans students.

Addition of music to the curriculum at North Central School was approved following recommendations of Principal Leo Rouse and a part-time band director is to be hired for the second semester.

By this method it is hoped the school will have the nucleus of a band next fall and approval at this time will enable parents of interested pupils to give them instruments this Christmas. A survey of interest was made some months ago at the school.

Request from some teachers living in faculty quarters for painting caused Mrs. C. C. McDonald and Necaise to reiterate their plea for a written policy on furnishing living quarters and what is involved. Mrs. McDonald added that the superintendent as administrator "lives" for the board should keep a tight rein on who lives in the house and the articles there. An inventory of all the property and appliances was directed.

Necaise moved to carry over the bid on the Sellers School to Dec. 15 as trustees deplored the condition of the property.

Mrs. McDonald inquired about the status of the North Central activities fund which Warren Carver audited for the board last summer and said he would present recommendations for its future administration. She noted it was making little money since soft drinks were no longer sold.

McCarty observed that parents were more satisfied without the drinks and basketball season should see more revenue.

**Radar Plan...**  
 (Cont. from Page 1.)  
 will be closed and they will be deprived of this means of transportation. Members agreed petitions from the area should be retained.

It was voted to advertise for bids to be opened Jan. 2 for general construction supplies for the year. It was agreed to stipulate that ready-mixed concrete must be furnished on four hour notice to avoid delay and man-hour cost of road construction. Advertisement for bids for publication of legal notices was approved.

Next meeting of the board will be Monday. No other meetings are scheduled until Jan. 2.

 side the Town Hall. The mayor said the present facilities are obsolete and usually out of order and that the platform out to the facilities is dangerous.

He added that such old facilities date the town and mark it as being behind times.

Council also discussed the possibility of making an appropriation in the next budget for the remodeling and modernization of the entire interior of Town Hall.

In the financial statement it was pointed out that the paving work outside the hall cost \$3,399.37, of which \$2,289.37 was for materials and \$1,110 for labor. This was for the repair work in Bourgeois Street.

Council accepted a bid of \$99.47 from Eichhorn's Sheet Metal and Roofing Works for the installation of 80 feet of rain gutter along the front of Town Hall and down spouts on each end. A bid of \$88.20 was entered by Dillmann Roof and Metal Works and though this bid was lower the council voted to accept the bid of the Waveland company.

A lone bid of \$160 entered by Forest Necaise was accepted for plowing and harrowing the part of Elwood Memorial Park recently cleared of trees to make room for a softball field.

Two new street lights were approved, one for Oak Street between Fell Street and Beach Boulevard and on Dogwood Drive in the Gulf Gardens subdivision.

Council voted that the town will pay for all gas used in the Town Hall on the basis that the gas and water department will pay for all electricity used in the building.

Council recessed until 6 p.m. Friday, Dec. 23.

**Miss Guitroz' Betrothal To Mr. Jacks Announced**

Mr. and Mrs. Alva Joseph deAlmanza of New Orleans announce the betrothal of their daughter, Miss Hazel Doria Guitroz, to William Boyd Jacks, the son of Mrs. Arthur Locicane of Bay St. Louis and David Jacks of Charleston, S. C.

The wedding will be solemnized on Feb. 4 in the Church of the Incarnate Word in New Orleans.

Miss Guitroz also is the daughter of the late Sebin Noca Guitroz of New Orleans.

An all white color scheme prevailed at the miscellaneous shower given by Mrs. L. Billot and the Misses Sheila Huff, Charlene Dorel and Connie Pulveron Sunday in New Orleans in compliment to Miss Guitroz.

The honoree chose from her trousseau a Christmas red crepe afternoon dress and received a silver bauble corsage from her hostesses. Her mother wore a medium blue dress with a similar corsage.

A wishing well held the gift for Miss Guitroz and, after opening them, she displayed them to the guests. In the dining room, the refreshment table was surrounded with a wedding cake surrounded by small wishing wells.

Miss Hazel Doria Guitroz holding party mints. The hostesses served a party menu to the 45 guests.

Attending from Bay St. Louis were the mother of the groom-elect, Mrs. Arthur Locicane, and his two sons, Madamas C. F. Mitchell and Sheldon Seuzaneau.

**Miss Morreale, Fiance Announce Wedding Plans**

Miss Patricia Ann Morreale, whose wedding to Jerry Garriga will be solemnized this Saturday at noon in Our Lady of the Gulf Catholic Church, will have as her matron of honor, Mrs. Raymond Varzel of Mobile, Ala. A sister of the groom-elect, Miss Margaret Garriga of Fenton, will be maid of honor and the bridesmaids will be the Misses Dolores Lee, Jerry Lachar, a cousin of the bride-elect, and Janice Garriga of Pascagoula.

Adv. Little Miss Brenda Nicolet will be the flower girl and Master David Compretta will serve as ring bearer.

Attending Mr. Garriga as best man will be his father, Leo Garriga of Fenton. J. V. Morreale, a brother of the bride-elect, Sheldon Seuzaneau, Carlo Scalfidi and James Chincha will be the groomsmen and the ushers will be Erwin Lachar and Fabian Curet of New Orleans.

Following the ceremony Mr. and Mrs. Vincent Morreale, parents of the bride-elect, will entertain for the young couple in the Knights of Columbus Hall.

Miss Morreale has been fettered at a number of pre-nuptial courtesies.

The home of Mrs. Frank LaRosa in Long Beach was the scene of a kitchen shower for Miss Morreale on Nov. 25 with Mrs. Raymond Varzel of Mobile as co-hostess.

The bride-elect wore a gown of sand shade crepe and was presented a wrist corsage of miniature kitchen utensils. Her mother wore a fall model and a shoulder bouquet of pink carnations.

In the dining room where the refreshments were served, a green and white motif prevailed.

**Miss Shippey, Woods-Mitchell Bride-Elect Marriage Told**

**Is Honored**

Miss Barbara Shippey whose wedding to James Kenneth Landry will be Dec. 17 in Our Lady of the Gulf Catholic Church was entertained at two parties recently.

Mr. and Mrs. John Clark of New Orleans entertained and her fiancé last Thursday at a Lake Pontchartrain restaurant. For the occasion, the bride-elect selected a motif of American Beauty woolen trimmed at the neckline and sleeves with matching satin. Her hosts presented her with a corsage bouquet of palest yellow orchids. Black accessories completed her ensemble.

A polynesian menu was served to the 30 guests present.

The following evening, Madames Harold Torgersen and Merlin Merkel entertained in compliment to Miss Shippey.

For the surprise lingerie shower, Miss Shippey wore a brown wool plain two piece dress with a gift corsage of white gladiolus pinned at the shoulder. Her mother, Mrs. Francis Charles Shippey chose a navy crepe dress accented with pink carnations. In keeping with the white and silver color motif, the gifts were presented to the honoree in a hope chest of white and silver.

Refreshments were served from a table appointed with white and silver. A large white and silver wedding cake centering the table was backed with three silver goblets holding small umbrellas and showering silver streamers and flanked with silver candelabra holding glowing white candles. Sherry and coffee were served with white and silver petit fours.

# da Gone Fishin' Top 100 Mark in Scoring

BY EDDIE ENGELHORN  
Fishing was excellent over the weekend, some 100 speckled trout being made, some trolling, some live shrimp. Action in other spots seems to be slow, and it seems that live bait has just about reached its season although some are available at a few camps. River fishermen have been getting their shrimp from the camps and hauling them to spots up to Jordan. Best fishing was up the river, up to Kiln.

On its inevitable way plans for parties and shopping considerably on fishing and hunting time but a number of the dove hunters were out for the opening of the season. The dove birds were scarce. No deer kills were reported although they were well hunted.

Although very few fish had been caught in Bayou Caddy Roger G. Dantagman and Ed Clark proved their prowess with a half basket of trout and rat reds Tuesday. They fished out of Bill Pinson's camp who re-opens live bait. They fished out of Bill Pinson's camp who re-opens live bait. They fished out of Bill Pinson's camp who re-opens live bait.

# Hawks Take Poplarville Tourney, First of Year

COACH'S REWARD - Bay High Coach Lance Lumpkin receives a gold key chain from Edith Traub and Floria Kimbell in appreciation from the school's cheerleaders at the banquet honoring the Tigers' champion football team.

## Lumpkin Honored at Champions' Banquet

"Football is a hard, rough game but one that will make a man out of a boy," Bay High Coach Lance Lumpkin said at a banquet honoring the Gulf Coast Champions Monday night in the North Bay Elementary cafeteria.

More than a hundred players, cheerleaders, their escorts and parents attended. Lumpkin introduced each player and cheerleader who in turn introduced his parents. Members of the board of trustees and faculty members who helped during the season also attended including Superintendent Joe D. McCullough and Principal Donald Caldwell.

After the ceremonies Lumpkin was presented a key chain and a clock while Mrs. Lumpkin was given a bracelet by the cheerleaders who had earned the money by selling pennants. Presentation was made by Edith Traub and Gloria Kimbell.

Lumpkin, who was principal speaker, said 13 members of the championship team played their last football game for Bay High when they defeated Long Beach in the playoffs.

They are Mark Wilkerson, Milton Bernard, Paul Miller, Larry Breland and Tommy Godwin, ends; Jim Mayfield and Gremlin, ends; Jim Mayfield and Gremlin, ends; Jim Mayfield and Gremlin, ends.

All that remains of the team for next year are Ronnie Peterson, quarterback, and Bobby Van Calsem, fullback, he said.

"Football," he said, "is a game that will make a boy the kind of a man his parents, sisters and brothers want him to be. Possibly you saw these boys getting drilled and saw that it was rough but I believe it will be worth it."

Although only a sophomore Mitchell racked up 27 points to lead the scoring for the night.

North Central's basketball Hawks hit the road Tuesday night and gave Ocean Springs High a 102-62 drubbing on their own court.

After playing sporty basketball most of the early part of the season the Hawks found themselves and broke the 100 mark for the first time this year against a highly rated Gulf Coast Conference school. North Central got off to an early start and led through.

Having had trouble finding the basket most of the season, ace scorer Douglas Necaise found his target and wound up with a tremendous 44 points to lead the scoring. McCoy Peterson hit for 26.

North Central won the Poplarville tournament, Saturday night first of any note of the season, adding another trophy to their bulging collection. They defeated Purvis 73-51 in the finals. Douglas Necaise got 29, Berlin Necaise 17, McCoy Peterson 12, Calvin Shaw 10. Donald did not play because of illness.

In the semi-finals Saturday afternoon the Hawks beat a highly touted big Bogalusa, La. team 62-31. Friday night they licked Sacred Heart of Hattiesburg 59-30 with Berlin Necaise topping the scoring with 16.

The Hawks lost a heart-breaker to Carriere in the girls' semi-finals 37-33. First string guard Wanda Nell Lee was hurt during the game but it is believed she will be able to play next week. Gaynell Ory was knocked out during the hotly-contested game but was able to return to the fray.

High scorer was Bonnie Sue Peterson with 15, Margy Hoda got 10, Brenda Summers made 15 for Carriere.

The Hawks will be occupied this week in the Gulfport tourney which started Wednesday and ends Saturday.

Also making the trip were about 70 members of the drill team dressed in red and white uniforms.

St. Joseph Academy Gold Jays trounced St. Joseph Academy of Baton Rouge 48-37 Saturday on the Red Stickers own court.

The Gold Jays got off to a good lead in the first period and improved as they went along. There was no question which was the better team, the Jays maintaining a safe lead throughout the night.

High scorer was Mary Jo Krieger with 24, Judy Favre got 10 and Cassie Rhodes 14. Outstanding guards were Sheila Strudivant, Margo Jacobi and Ranny Artigues.

The junior varsities battled to a 22-22 draw in the opening game of the doubleheader, the Baton Rouge lasses putting on a thrilling last quarter spurt to earn the tie.

High were Bonita French 8, Fay Monti 6, Yvonne Artigues 6 and Sheila Gotschalk 4. Outstanding guards were Mitzie Blache, Beth Murtagh and Pat
